Enjoy Reliable Indoor Comfort

Bryant® Delivers Peace of Mind

Bryant has a history of doing whatever it takes to deliver trusted quality, comfort and value to millions of homeowners nationwide. Today, with rising consumer awareness of environmental issues, Bryant proudly offers an answer that eases those concerns while delivering solid, reliable comfort - the Model 214C Heat Pump with Puron® refrigerant.

The Bryant Model 214C helps preserve the integrity of the Earth's ozone layer by using Puron® refrigerant. It delivers reliable comfort at up to 14 SEER cooling and 8 HSPF heating efficiency. And, with its Microtube™ Technology refrigeration system, the quiet, reliable scroll compressor, and our tough, DuraGuard™ protection package, it provides responsive comfort you can count on, year after year.

Enjoy the Comfort of Trusted Reliability

Relaxing in the comfort of your home is easy with the Model 214C because this is one durable and reliable heat pump. Durability is built-in with our DuraGuard™ protection package that looks good for years while protecting the outdoor coil from sports and lawn equipment and more. Inside, corrosion-

resistant components and compressor-protection features help ensure this heat pump delivers comfort when you need it.

In addition, when you replace an older 8 - 10 SEER heat pump with the Model 214C, you'll continue to save every time you pay your utility bill for many years to come.

Peace of Mind

Having a great warranty helps you enjoy your comfort with confidence. Bryant builds trusted reliability into every product, then provides additional peace of mind with excellent warranty protection.

To the original owner, the Bryant Model 214C heat pump is covered by a 10-year parts limited warranty upon timely registration of your new equipment.* Ask your Bryant dealer about optional extended warranties, which may include labor.

**Warranty period is 5 years if not registered within 90 days. Jurisdictions where warranty restrictions are not allowed will automatically receive a 10-year parts warranty. See warranty certificate at Bryant.com for complete details.*

Performance

Heats. Cools. Saves.
HYBRIDHEAT®

Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR criteria. Ask your contractor for details or visit www.energystar.gov.**

**Qualifying models only

Perfect Your Comfort with Perfect Humidity™

The Model 214C is your trusted source for comfort all year long. For enhanced control over temperature AND humidity, add a variable-speed gas furnace or electric fan coil and our Thermidistat™ Control. This system will give you full, seven-day-a-week programmability and our comfort-enhancing Perfect Humidity™ function. Perfect Humidity elevates your comfort by providing enhanced humidity control over standard heat pump systems.

The Thermidistat™ Control is much more than just a thermostat. It is your single source of precision temperature, humidity and indoor air quality control.

Step Up to HYBRID HEAT®

As energy costs continue to rise unpredictably, Bryant offers a solution you can get comfortable with - HYBRID HEAT®. By combining the Model 214C heat pump with a variable-speed furnace and matching control, a HYBRID HEAT system automatically selects the most economical heating source for your heating needs. This system gives you the ultimate in flexibility to maintain your comfort as weather conditions and energy prices change.

Heats. Cools. Saves.
HYBRIDHEAT®

Feeling Good About Feeling Comfortable

With the Model 214C, you join the growing ranks of homeowners who choose Puron® refrigerant. Bryant's environmentally sound refrigerant keeps you cool without depleting the Earth's ozone layer.

In addition, the Model 214C inspires the confidence of owning a system developed by a company committed to customer satisfaction.

From initial design, through development testing and our 5-step, 100% run test during assembly, we go beyond the industry's expectations for quality to be sure that every unit we make measures up to even tougher standards – yours.

Home Comfort Components

PURON® REFRIGERANT

Bryant's environmentally sound refrigerant keeps you comfortable season after season without depleting the Earth's ozone layer.

1 ENVIRONMENTALLY SOUND

Our scroll compressor is designed for use with Puron® refrigerant to provide quiet comfort and years of environmentally sound, energy-efficient performance.

2 RELIABLE PERFORMANCE

Bryant's Microtube™ Technology refrigeration system with copper tube/aluminum fin coil maximizes transfer of heat outside your home to ensure energy efficiency. Coil materials and design minimize chances for rust and corrosion for lasting performance.

3 LASTING COMFORT

A filter drier protects the unit's most important single component: the compressor.

4 BUILT TO LAST

Bryant's DuraGuard™ protection package ensures lasting durability and good looks through years of exposure to weather, sports and lawn equipment and more. Three key elements to this package include: galvanized steel cabinet, baked-on powder paint and dense wire coil guard.
